

General Manager's Meeting Summary

September 2020

9/11: American River Flood Control District Board of Trustees meeting. The Board met in regular session. The agenda items included correspondence from the City of Sacramento Police Department regarding extensive camping along the roadways of the Johnston Business Park, a discussion on the District's carbon footprint, and addressing permitted encroachments in River Park.

9/14: DWR Deferred Maintenance Project meeting. I met via web conference with staff from DWR to learn about the extension of the Deferred Maintenance Project grant program. The District has funding available to inspect or repair levee pipes in 2021.

9/15: Sacramento County Local Hazard Mitigation Plan Kick-off meeting. I attended this meeting via teleconference with representatives from the County of Sacramento and numerous Special Districts to discuss the 2021 update to the Local Hazard Mitigation Plan.

9/16: Central Valley Flood Control Association Board of Directors meeting. This meeting was held via web teleconference. Topics of discussion included the State's regional meetings on the Sacramento San Joaquin Drainage District assessment, extension of the Flood Maintenance Assistance Program, and a legislative update on bills for 2020.

9/16: Field Visit for Kelton Way Pedestrian Access. Superintendent Kawamura and I met with residents that use the levee along Robla Creek for exercise and recreation. They requested the meeting to ask if the District could install a recreation trail along the levee similar to the American River Parkway.

9/16: ARFCD Quarterly Safety meeting. The Safety Committee met to discuss safety items for the District. Items of discussion included the OSH Act of 1970, clearance zones around electrical equipment in the warehouse, Firecode training, and the Cintas training program.

9/21: Phone Meeting with Dude Solutions. I met with staff from Dude Solutions to discuss implementation of the workflow tracking software, Asset Essentials. Sara Poffenbarger from Dude is our implementation consultant and she is able to walk clients through the steps to set-up the software specific to our District.

9/23: ARFCD Roof Repair/Replacement Pre-Construction Meeting.

I met with Don Mariano from Lionakis and Dennis Philips from Rua and Son to discuss progress on the roof project. Two-thirds of the old roof has been removed and the crews are constructing framing for the new HVAC unit. Two sections of dry-rot were removed and repaired along the west wall.

9/28: Steelhead Creek Clean-up Meeting.

Superintendent Kawamura and I met with the Central Valley Regional Water Quality Control Board to discuss the annual clean-up effort in Steelhead Creek. This year, the City will distribute trash bags prior to the clean-up and RD 1000 and ARFCD will use equipment to load and haul-off the filled bags.
