

American River Flood Control District

Purchase of Heavy Equipment from Sourcewell Cooperative Purchasing

Staff Report

Discussion:

Due to heavy use, longevity issues, and changing regulatory standards, three pieces of District equipment need to be replaced. This equipment includes the Peterbuilt 10-wheel Dump Truck, the Moorbark Chipper, and the John Deere 5300 Tractor. The Peterbuilt Dump Truck no longer meets California Air Resources Board air quality standards and needs to be retired from service. The Moorbark chipper is nearly 25-years old and is in a deteriorated condition. The John Deere 5300 Tractor also no longer meets air quality standards. Upon replacement, each of these pieces of equipment could be declared as surplus by the Board and sold at auction.

State law requires that purchases over \$25,000 must be made through a public bidding process. This ensures that public funds are spent on items at the best available price. In the past, the District has acquired large equipment through solicitation of public bids or through cooperative purchasing programs such as the CA Multiple Award Schedule or Sourcewell. Cooperative purchasing programs have already bid the items for sale publicly and include discounted rates based on collective bidding.

District staff recently obtained a cost quotes for the replacement of each piece of equipment through Sourcewell. The following cost quotes are the best available prices for each piece of equipment:

1. 2021 Peterbuilt 348 Dump Truck - **\$171,186.41**
 - 15' Williamson Godwin Dump Body
2. Model 200XP Brush Bandit Chipper - **\$46,825.11**
 - Hydraulic swivel discharge and chip deflector
3. John Deere 5075E Utility Tractor - **\$69,190.12**
 - 520M Loader
 - Hydraulic Box Blade
 - Heavy Duty Rear Blade
 - 4-in-1 Bucket

Additional Note:

As participants in the State of California Flood Maintenance Assistance Program, the costs of the Peterbuilt Dump Truck and the Brush Bandit chipper have been approved for 75/25 cost share with the State. The State will be reimbursing the District for 75% of the cost for these two items.

Recommendation:

The General Manager recommends that the Board of Trustees approve the purchases of the specified equipment from Sourcewell.

I ACCEPT the PowerGard Protection

I DECLINE the PowerGard Protection

Customer Signature

If declined, I fully understand that my equipment listed above is not covered for repair expenses due to component failures beyond the original basic warranty period provided by John Deere.

Note : This is **not** a contract. For specific PowerGard Protection coverage terms and conditions, please refer to the actual PowerGard Protection Plan contract for more information and the terms, conditions and limitations of the agreement.

What PowerGard Protection is :

The PowerGard Protection Plan is an **extended warranty** program for reimbursement on parts and labour for covered components that fail due to faulty material or original workmanship that occur beyond the John Deere Basic Warranty coverage period. The agreement is between Deere & Company and the owners of select John Deere Commercial and Agricultural equipment, who purchase the PowerGard Plans for the desired coverage as indicated in this proposal.

What PowerGard Protection is not :

PowerGard Protection is **not insurance**. It also does not cover routine maintenance or high wear items, or insurance-related risks/perils such as collision, overturn, vandalism, wind, fire, hail, etc. It does not cover loss of income or loss of value of crops during or after an equipment failure. See the actual product-specific PowerGard Protection Plan agreement for a complete listing of covered components, and limitations and conditions under the program.

Features/Benefits:

PowerGard protection include the following features and benefits under the program :

- Pays for parts and labour costs incurred on failed covered components (less any applicable deductibles),
- Does not require pre-approval before repairs are made by the authorized John Deere dealership,
- Payments are reimbursed directly to the dealership with no prepayment required by the contract holder.
- PowerGard Protection agreements ensure that only Genuine John Deere Parts are used in all repairs,
- PowerGard coverage is fully transferable to future owners, with no transfer fees when coverage remains,
- PowerGard ensures higher resale value and makes equipment more marketable during the sale or trade-in,
- PowerGard allows you to budget your total cost of ownership, with financing available through John Deere Credit or other sources,
- PowerGard helps prevent large,unexpected repair bills during later years of equipment ownership,in exchange for a smaller protection fee up front.
